

Supported Playgroup

Helping you create a brighter future for your child

Parenting is hard work! It doesn't necessarily come naturally and sometimes we all need some extra help and support.

The Supported Playgroup is run from a purpose-built child care facility, and provides a broad range of both indoor and outdoor equipment and activities.

Three playgroup support workers, all of whom have targeted training, knowledge of child development and experience in supporting families are present during each group session.

The playgroup provides an opportunity for Mums to learn some new skills, gain further understanding about their child, network with other parents, talk with professional child care workers and feel supported and connected to their community.

All you need to bring is a change of clothes and lunch for your child. Morning tea for parents and carers is provided.

**Every Monday
during school
terms**

**10:00am to
Midday**

Play. Learn. Grow.
